OUR STORY

GARDA is an award-winning designer furniture brand for furnishing private and public outdoor spaces. It was born out of the desire to meet the needs of the modern lifestyle and people's need to reconnect with nature by launching a premium outdoor furniture collection that would bring together the exceptionality of the local artisans, the top-notch production technology, and the latest design trends.

GARDA brand leans on the tradition and expertise of the furniture production company Animo founded in 1994 in Western Serbia, in Valjevo. In 2018, after almost 25 years of craftsmanship and constant growth, the experienced production team was joined by the talented creative team of AM Studio. In this synergy of tradition and innovation, engineering excellence, and creativity, GARDA was born - an elegant, luxurious, and reliable guardian of your comfort in moments of outdoor relaxation.

The sophisticated style of our furniture is never at the expense of functionality. Each product is created studiously to fit your aesthetic needs and to ensure comfort and efficiency. Attention to detail, ergonomic shapes, careful selection of materials, and constant development of innovations are the main features that make our products comfortable, durable, and resistant to different weather conditions. Our modular and functional design ensures that each piece of furniture is easy to combine and use and offers more storage possibilities. To ensure that high-quality standards are embedded in each product, our designers and engineers control the entire production process, from materials sourcing to delivery.

THE OUTDOOR
PLEASURE

GARDA

A T A M A N

01 — ATAMAN

COLLECTION

Ataman is the flagship line of GARDA outdoor furniture which enhances every space with an aura of luxury and gives it a striking character. It is aimed at modern hedonists, who value comfort and enjoy the details. The collection includes a rich range of outdoor products - chairs, armchairs, sofas, lounge chairs, tables, and club tables.

Within the collection itself, there are two sub-collections, Mesh and Leisure. The Mesh collection plays with the strength of intertwined metal and the tenderness of soft cushions and fabrics, while the products from the Leisure range, recognizable by the ropes specially created for outdoor use, give a feeling of warmth and uniqueness. With different combinations of fabrics, rope, and metal, playful products are created with a sensibility that ranges from minimalistic to very chic.

WHERE
THE COMFORT IS
FULLY PRESENT

MESH CHAIR

The trademark of the Mesh product line is the frame of the backrest richly filled with wire mesh in the form of a geometric drawing, which gives this line a chic note. Below the cushions, the geometric shapes remain visible and impressive, making this garden chair unique and standing out in the environment.

ATAMAN BAR STOOLS

Kao vodeća linija Garda outdoor nameštaja, Ataman kolekcija se odlikuje bogatom paletom proizvoda koja okuplja stolice, fotelje, sofe, ležaljke, stolove i klub stolove.

Unutar same kolekcije postoje dve podkolekcije, Mesh i Leisure sa svojim karakterističnim dizajnom i upotrebom različitih vrsta materijala. Kombinacijom štofa, kanapa i metala nastaju razigrani proizvodi koji u zavisnosti od odabira materijala mogu biti ili vrlo jednostavni ili vrlo šik.

KAPUA

COLLECTION

04 — KAPUA

The Kapua collection represents the “wild” side of Garda and exudes an exotic note rather than a conventional luxury. It’s characterized by the very light steel construction and the transparency of the form obtained by its thin outdoor ropes.

Ranked among the three main GARDA collections, the KAPUA collection consists of chairs, armchairs, sofas, stools, bar stools, and lounge chairs.

COLLECTION
05 — TOTEM

Inspired by the cult of community, the TOTEM collection symbolizes the idea of connecting people during their relaxing outdoor gatherings. The collection consists of chairs, benches, and tables, and its main features are simplicity, light structure, and authentic and cheerful design.

WHERE
ERGONOMICS
MEETS ELEGANCE

TOTEM CHAIR

The flagship product of the collection, the TOTEM chair is named after its most characteristic element - the backrest. Its ergonomic shape enhances the pleasure of sitting by making the chair comfortable even during prolonged use, while additional cushions for the seat and backrest complete this experience even more. Both cushions are easily attached and detached with the help of magnets, which is suitable for public spaces or restaurants where timing is always crucial.

 W600 D550 H810

PEOPLE BEHIND

The creative force behind the GARDA brand is **AM Studio**, co-founded by designers **Anica Andrić** and **Milan Karišik**, whose dream had always been to launch their line of designed furniture.

Their professional education took place in two phases - the first at the University of Belgrade, at the Faculty of Applied Arts, the Department of Interior and Furniture Design, and the second at master studies at the prestigious universities Politecnico di Milano in Italy and Bauhaus in Germany.

After completing their studies, both gained valuable experience working with renowned and world-famous designers such as Andrea Branzi, Luca Nichetto, and Luca Scacchetti. A real turning point in their careers occurred in 2018, when they teamed up with ANIMO, signing the identity and design of GARDA products.

In addition to their creative, artistic approach to design, this tandem creates each piece of furniture studiously and with expertise. The functional design reflected in practicality, comfort, adaptability, and quality, is inseparable from their refined taste and aesthetics.

Their commitment, passion, and talent have been recognized at the international and local levels from the very beginning and confirmed by numerous prestigious design awards, such as 1st and 2nd place at the Balkan Architectural Biennale in 2021 in the category of furniture design, Golden Key Award at the Belgrade Furniture Fair for the GARDA's signature product TOTEM chair in 2018 and the best art direction in 2019, Archiproducts Design Awards in 2019, and many more.
